

HONOR 360°

Serving Those Who've Served

A Letter for the Veterans

My name is Steve Rosedale. I was a soldier so many years ago but I still carry that soldier in my heart. I wear my medals in the many scars that are a road map of my service in the 3rd Bn 7th Infantry, Bing Province, 20 clicks south of Saigon.

We all went out together, a whole battalion of green troops, scared to death, not knowing what was coming, but those of us who survived learned to be soldiers, to count on our buddies, push through our fear and do what a soldier has to do.

Within six months most of my unit was casualties, and on June 27, 1967 my number came up. I spent six months in hospitals and came home to a country that hated the sight of my uniform. There were no bands, no speeches and no one said we appreciated your service. For fifteen years we held it in, kept our traumas to ourselves. Then on a sunny day in November in 1982 they dedicated the Vietnam Veterans Memorial in Washington, D.C. We all drifted into town, formed up in our old units, the halt the lame and the blind, someone grabbed a flag, and with great pride we marched around the White House.

I've run my fingers over the names incised in the black stone that is the memorial and remembered friends who are no more. Those of us who served remember, and Honor 360 is my way of taking care of my guys and gals.

When you look at the flag on our wall, know that the red stripes represent the blood you shed, the white stripes are the purity of your service to your country and those stars on the that field of blue, well those stars are you and all your buddies who stood up for freedom and the values we cherish.

I am a soldier, I will not forget! CommuniCare will not forget, and Honor 360 is our tribute to our veterans, God bless you every one!

Sincerely,

Stephen Rosedale 1966-1967

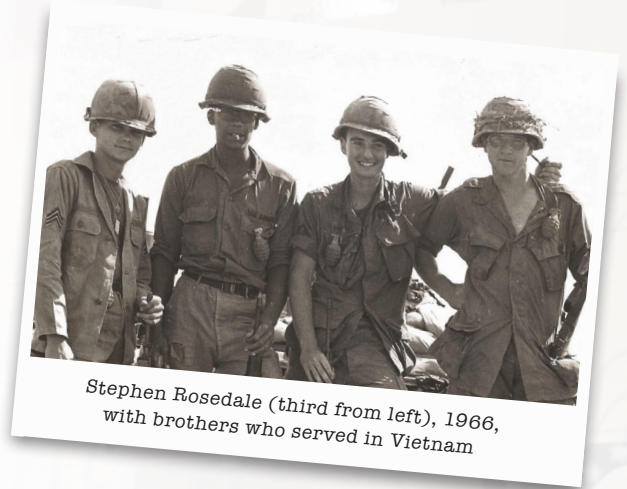

Steve Rosedale,
President and CEO
